FUEL SURCHARGE IN FINNAIR CARGO OY

Finnair Cargo's fuel surcharge index is valid for at least one calendar month. We will inform you about the surcharge change with this letter. This index is based on Jet Cargoes high CIF NWE basis ARA weekly market price published by Platt's European Marketscan.

The level of the fuel surcharge index is influenced by recent monthly changes in weekly average prices, as well as price index volatility (risk factor) and the general prospects of both factors for coming month. Finnair Cargo will decrease the fuel (based on chargeable weight) effective from 01 January, 2015. [Security charge will remain the same.](#)

Fuel Surcharge (Code: MY)
