### Swiss WorldCargo to decrease Fuel Surcharge

Dear valued Swiss WorldCargo Customer

Please be informed that our Fuel Surcharge is being adapted due to decrease of the crude oil prices and in turn the jet fuel price.

The fuel index has been below the threshold of the next lower Fuel Surcharge level. As a result, the surcharge will now be as followings;

**General cargo:**

THB 41.00 per kg for shipment from Thailand to IATA area 1 and 2.

THB 21.00 per kg for shipment from Thailand to IATA area 3 and Middle East.

**Agricultural and foodstuff products, SCR0007/ SCR1401/ SCR0006, only:**

THB 21.00 per kg for shipment from Thailand to IATA area 1 and 2

THB 11.00 per kg for shipment from Thailand to Middle East.

Temporarily suspend for shipment from Thailand to IATA area 3.

This surcharge will be charged on chargeable weight from 45KG upward. This measure takes effect on **November 1<sup>st</sup>, 2014** (AWB issuing date).

We will follow the developments on the fuel market closely and communicate any appropriate changes to you in due course.

In the meantime, we will gladly provide you with any further information you may require.

Thank you for your ongoing support.

We care for your cargo.

Yours sincerely,
